

**MICHIGAN SERA COUNCIL  
STATE EMPLOYEE RETIREES ASSOCIATION**

February 8, 2011

Honorable Rick Jones, Chair  
Senate Judiciary Committee  
915 Farnum Building  
Lansing, MI 48909

**Re: SB 80 and 81 increasing penalties for financial exploitation of vulnerable adults**

Dear Senator Jones and Members of Senate Judiciary Committee:

The Council of the State Employee Retirees Association **supports SB 80 and SB 81**, which would increase the penalties for financial exploitation of vulnerable adults.

Our members, especially our members with physical and mental disabilities, are particularly affected by attempts of trusted individuals to steal or embezzle their property and assets. Increased penalties as provided in the bill reflect inflation that has occurred since the law was last amended.

Thank you for the opportunity to comment.

Sincerely,

/s/

Mary Pollock  
Legislative Representative
